

# Mousetrappero office

Mouse trapper office is the base product in the Mousetrappero range, and is designed to suit a full-size keyboard. Mousetrappero office is an ergonomic alternative to a mouse that prevents repetitive strain injuries and other problems that can occur when you use a conventional mouse.

## Benefits of Mousetrappero office

Mouse trapper office is the base product in the Mousetrappero range, and is designed to suit a full-size keyboard. It is intended for those who do not need anything more than the right-click, double click, scroll and left-click functions of Mousetrappero's unique control pad. You can re-configure these functions to suit your own preferences. You do this using the MT Keys software, which can easily be downloaded from the Mousetrappero website. For Mousetrappero office MT Keys is limited to moving existing functions. It's not possible to add new functions as for Mousetrappero advance 2.0, prime and flexible. Mousetrappero office also has padded wrist supports. This product is available in black or white.

## Key features

- Four buttons, including scroll
- Control pad with left-click and scroll functions
- The ability to swap the functions of the buttons
- Available in black or white
- USB plug-and-play

# Mousetrapperc office

Because Mousetrapperc is positioned centrally in front of the keyboard it encourages an ergonomically healthy position that keeps your arms close to your body and your hands near the keyboard. This helps you avoid and in many cases relieve strain injuries that can arise from over-stretching your arm, as you do with a conventional mouse. It eliminates the need to stretch beyond the keyboard while using the mouse. The wide, cushioned wrist supports also relieve strain on your neck, shoulders, arms and wrists.

## Mousetrapperc feel and MT Keys

By placing your index, middle and ring fingers on the control pad you can control the cursor with simple movements as the control pad moves smoothly in two dimensions. You can also left-click anywhere on the control pad.

MT Keys software lets you easily reassign the available functions to suit your needs\*. MT Keys software is easy to download from the Mousetrapperc website.

## Tips for better posture and ergonomics:

- Adjust your chair so that your feet are supported on the floor and keep your back straight while you are sitting.
- Keep your arms close to your body while working.
- Rest your arms on wrist supports or your desk.
- Vary your working position; use a stand-and-sit desk to alternate between standing and sitting.
- Position the screen at a comfortable distance that does not put strain on your eyes or neck.
- Avoid repetitive strain injuries (RSI) by reviewing your choice of mouse.
