MINI KEYBOARD

Penclit®

Start. Think. Type. Read. Smile.

Minimised size. Maximised comfort.

Your desk will thank you. Your fingertips will, too.

Less clutter on your desk. More to be glad about.

Start. Think. Type. Read. Smile.

Penclit Mini Keyboard combines contemporary Scandinavian design, superior ergonomics design and function without sacrificing comfort for size.

Reclaim your desk with Penclit's Mini Keyboard and create an healthy working position while you're at it. The comfortable and relaxing colours makes the keyboard easy on your eyes and the reduced size allows a more centered working position with your hands, reducing RSI problems and allowing for more desk space. Enjoy the simple and sleek design of Penclit's Mini Keyboard.

A keyboard you didn't know you needed until now!
