

# Mousetrapper flexible

Mousetrapper flexible is small, light and wireless, and is also the most compact product in the Mousetrapper range. Mousetrapper flexible is an ergonomic alternative to a mouse that prevents repetitive strain injuries and other problems that can occur when you use a conventional mouse.

## Benefits of Mousetrapper flexible

Mousetrapper flexible is small, light and wireless, and is also the most compact product in the Mousetrapper range. It is designed so that you can easily take it home from work, or take it to other work places where you sit and work at a computer. Mousetrapper flexible has nine buttons and nine different settings. You can easily change these settings to suit your needs using the MT Keys software, which is easy to download from the Mousetrapper website. This product is available in black or white.

## Key features

- Nine programmable buttons that can be configured using MT Keys
- Control pad with click and scroll functions
- Ability to add user profiles with MT Keys
- Ability to work wirelessly via USB
- Two months of battery life between charges
- Rechargeable battery
- 1500 dpi
- Weight 295 grams

# Mousetrapper flexible

Because Mousetrapper is positioned centrally in front of the keyboard it encourages an ergonomically healthy position that keeps your arms close to your body and your hands near the keyboard. This helps you avoid and in many cases relieve strain injuries that can arise from over-stretching your arm, as you do with a conventional mouse. It eliminates the need to stretch beyond the keyboard while using the mouse. The wide, cushioned wrist supports also relieve strain on your neck, shoulders, arms and wrists.

## Mousetrapper feel and MT Keys

By placing your index, middle and ring fingers on the control pad you can control the cursor with simple movements as the control pad moves smoothly in two dimensions. You can also left-click anywhere on the control pad.

MT Keys software lets you easily reconfigure the existing functions of your Mousetrapper to choose exactly the functions you want. MT Keys software is easy to download from the Mousetrapper website.

## Tips for better posture and ergonomics:

- Adjust your chair so that your feet are supported on the floor and keep your back straight while you are sitting.
- Keep your arms close to your body while working.
- Rest your arms on wrist supports or your desk.
- Vary your working position; use a stand-and-sit desk to alternate between standing and sitting.
- Position the screen at a comfortable distance that does not put strain on your eyes or neck.
- Avoid repetitive strain injuries (RSI) by reviewing your choice of mouse.

## Facts

- Width: 300 mm
- Height: 19 mm
- Depth: 95 mm
- Weight: 300 g
- Product code: black MT106
- Product code: white MT107
