1 LOOSEN CLAMP
Use 4 mm Allen key to loosen the hexagon cup point screw. Turn counter-clockwise to loosen.

**2** POSITION TO EDGE OF TABLE
Position the clamp so that the edge of the table top touches the edge of the clamp.

3 FASTEN CLAMP
Use 4 mm Allen key to tighten the hexagon cup point screw. Turn clockwise to tighten and ascertain that the product does not move if pushed or pulled.

31 mm maximum

- 2 **USB ports (HUB) (Female, USB A)**

- 2 **Data ports (RJ45, CAT6)**

- 2 **Power sockets (Type F)**

4 PLUG IT IN
Plug the power chord into the intended power socket, and then, the remaining cables to their corresponding units/ports to finalize the installation.
